

Beginning September 8, MLConnect subscribers will have a new portal to see and pay their bill online, as well as manage your account with alert notifications, services, and more. When the new portal is open, you'll need to register your account. The set up is easy, but we also want to support you through the process with these step-by-step tips:

Clicking on **Pay My MLConnect Bill** will take you here so you can **Register for the first time**.

### Subscriber Login/Registration

To login, please enter your email address and password. If you have not previously registered an email address and password, you will be prompted to do so. To register for the first time, click here: **Register for the first time.**

Logging in to this portal requires:

1. an active email address,
2. a valid password for this system,
3. an active account with MLConnect,
4. and authority to access and manage an account through this system.

**Need to speak with us?** Please have your six-digit account number ready for the representative. This is part of our account security measures.

**Having technical problems?** Submit a ticket through our 24/7 Support Portal: <https://mlconnect.happyfox.com/new/>
